Dear Friend,

As you are probably aware, the Topfree 10 will soon be having our day in court. Our goal is ~~to win~~ at the highest state court level - the Appellate Court. This will ~~possibly~~ involve several appeals and court cases. At this time we are trying to raise money for our legal expenses. There is no way to know at this time just how expensive that could be. Please contribute what you can.

have the case heard

→ challenging the constitutionality of a law which ~~outright~~ clearly discriminates against women.

A law which makes the exact same action illegal for a woman but upholds a man's right to that action

Proposals to the court

On June 24, 1989 10 women were arrested at Durand Beach in Rochester NY and taken to jail for having their shirts off.

MAILING LIST

Mr. & Mrs. David

Dear Friend,

On June 24 of this year (approx. 75 members and friends of the Rochester Topfree Coalition had a picnic at Durand Beach. ~~There were~~ ~~About 40 women of the~~ ~~were~~ topless. ~~During the course of the picnic~~ ~~The day was perfect for~~ ~~sun~~, ~~etc~~ The mostly topless women, men and children had a very nice, → time, playing, swimming, eating and sunbathing talking. A basically uneventful - regular day.* The picnic proceeded this way for a couple of hours before a Sheriffs Boat was seen out from shore For the next ½ hr. or so the boat people ~~were~~ ~~so~~ made good use of a pair of binoculars.
~~All the while~~* Except for the first half hours when some men were noticed staring from the top of the bluff, no particular notice was paid us. even though there were many other people on the beach.

Then the Sheriffs showed up. ~~first~~ walking past many approached ~~At~~ this point women were individually

and given a choice of putting their shirt on or being arrested.
10 women

The final picture of this unjust law on that day was of male supporters at the police station removing their shirts so women in jail could put them on to leave.

#2. Coalitions Definition:

Mary Lou expressed concept of Coalition as umbrella organization with different groups

Kathy – broad differences based on gender planning, nudist agenda. Not women only, men have role as support.

Coalition –

- Nina – believes one group would be better. Split would cause movement to crumble.

Lyn – Umbrella & main body : terminology

Morley – model

Kathie – how would this differ from what is going on now?

M.S. No public criticism of others actions
K.R. Processes have been brought up

R.S. Coalition has not grown.
Blocks in planning –
Natural movement toward all-women planning. Must be formed, nurtured. Important because it empowers woman. Natural to branch – make it civil.

K.R. Need to talk about feelings

N.L. Is getting tired

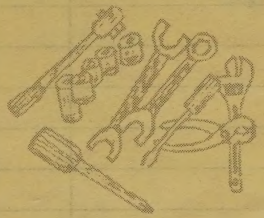
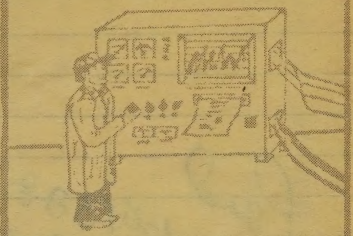
HERE'S SOME OF THE THINGS THAT GO INTO THE COST OF SERVICING YOUR AUTOMOBILE

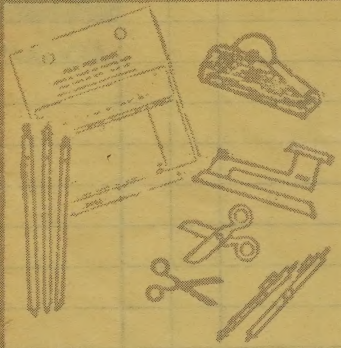
Good service doesn't "Just Happen"! Operating a dependable service business requires organization, competent management and employees, and substantial capital investment. Please, don't judge service charges solely by the time spent repairing your vehicle. When a top-notch mechanic goes to work many costs have been incurred just to get him there ready to do the job. Here are some of them:



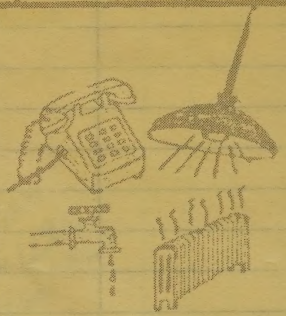
Large Variety of Tools



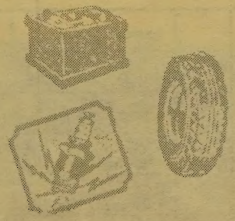
Specialized Training and Electronic Equipment



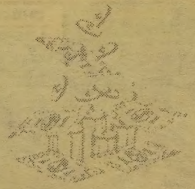
Supplies and Forms



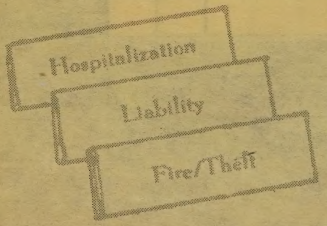
Utilities



Inventory of Parts



Wages & Taxes (Local, State, Federal)



Insurance

Building Maintenance
